ABOUT US

Welcome to our company - an established iron and steel recycling and processing facility that has been in operation since 1985. As a buyer of Cast Iron scrap, M.S. Scrap, M.S. Pipes, M.S. Plates and other ferrous scrap, we are dedicated to providing efficient and cost-effective solutions for our clients' metal recycling needs.

With a yearly turnover that crosses 50,000 metric tons and is continually increasing, we have established ourselves as a trusted and reliable partner for businesses looking to recycle and process their ferrous metals. Our team is committed to delivering exceptional customer service, and we take pride in our ability to build long-term relationships with our clients based on quality and trust.

As an importer and re-seller of ferrous metals, we have a deep understanding of the industry and are always looking for opportunities to expand our business and explore new partnerships. Our team is passionate about what we do, and we are continuously investing in new technologies and processes to improve our services.

We are committed to sustainability and environmentally responsible practices, and we work hard to ensure that all of the materials we process are handled in the most efficient and eco-friendly way possible.

Our facility is equipped with state-of-the-art technology and staffed by a team of highly skilled professionals who are dedicated to providing high-quality services to our clients. We offer a wide range of services, including metal sorting, shredding, cutting, baling, and processing, among others.

We work closely with our clients to develop customized solutions that meet their specific needs, from small-scale recycling projects to large-scale industrial operations. We are committed to maximizing the value of the scrap we receive while minimizing its environmental impact.

At our facility, we believe that recycling and reusing iron and steel scrap is not only good for business, but it also benefits the environment by reducing waste and conserving natural resources. We take pride in our role in creating a more sustainable future for generations to come.

If you're looking for a partner in the iron and steel recycling industry, we invite you to learn more about our company and the services we offer. Please don't hesitate to contact us for more information or to schedule a meeting to discuss potential collaboration opportunities. We look forward to hearing from you.
